Dear Mr Sinha,
On behalf of the students and faculty members of the Department of Journalism, Kamala Nehru College, University of Delhi, I would like to express my deepest gratitude to you for organising a trip for our students to see and understand the working of the plant. I would also like to thank you for the warm hospitality extended by your team. We were all very impressed with the meticulously planned and executed tour of the plant. The way all the stages of the printing process were explained and the queries of the students attended to by your team members made it a memorable learning experience for the students.

The students were most excited at the chance to interact with you and your team members and we've got very good feedback from our students regarding their experience there.

Thank you once again and we'd be grateful if we could plan such interactions /visits in the future.

Thanking you once again,
Warm Regards

LETTER OF INTERNSHIP

Date: 7th September, 2022

This letter is to certify that Vedika Khaitan has worked as an intern with Kannan Animal Welfare Foundation from 19/05/2021 to 01/09/2022.

KAW is a registered Section 8 non-profit company, focusing primarily on the rescue of severely injured animals in and around the Delhi – National Capital Region, India.

Vedika has been a versatile, industrious intern and a highly useful resource to the organization. She primarily worked in a management role with KAW, which involved strengthening the base for our social media platforms while regularly contributing towards our website and blogs. Vedika adapted to the working pattern very well and her efforts contributed to our organization's efforts to enhance our presence and expand our global presence and networking.

She applied her excellent writing and vocabulary skills in earning fruitful partnerships whilst regularly assisting our organization's outreach team through contributions to our strategy for formulating partnership proposals. She consistently completed her tasks on time and coordinated well with team members.

Throughout her internship with KAW, Vedika evinced her eagerness to contribute to our organizational mission, as she was typically the first among all our interns to volunteer for additional assignments. Her versatility, innovative approach and productivity demonstrated her commitment to the animal welfare cause and the future trajectory of our organization.

Our team is confident that she will apply her writing and speaking ability well for any organisation in the future. We wish her all the best in her future endeavours.
