# **Structure and methodology**

A questionnaire was designed seeking the response of the students under BA (Hons) Economics with 8 specific questions on the above-mentioned areas and 4 questions regarding their personal details. The data collection was not kept anonymous since we share a very open and developmental attitude with our students and they can express themselves without any inhibitions. The data for students passing out in 2021 and 2022 was then analysed rigorously to ascertain the strengths and potential areas of improvement.

### **Analysis**

Kamala Nehru College as an institution holds its students and their needs in the highest stead. In view of this, the student feedback forms a vital part of the teaching learning process every semester. The data reflected that the almost 100 percent of the students were satisfied with the regularity of classes and coverage of syllabus. However, the students did feel that the curriculum for Economics (Hons) was on the challenging side. Around 83 percent students found the quality of teaching to be good and above and were satisfied with the teaching techniques used. As regards the college infrastructure, 78 percent of the students found the libraries and other resources helpful in their academic journey at the college. Kamala Nehru College has been known for its vibrant array of extracurricular opportunities which was again reflected in the 82 percent

positive response where students felt that they had access to a number of avenues to broaden their horizons at the same time also focusing on academic rigor. The college premise is kept clean and sanitary workers are always present in every corner of the college which was reinforced by the largely positive (78 percent) response of the students towards the college cleanliness. Lastly, 75 percent of the students are of the opinion that Kamala Nehru College plays a vital role in shaping their personalities as they step into their professional lives and turn out to be smart confident women of today.

# **Department of English**

Kamala Nehru College values inclusivity and accountability when it comes to the teaching-learning process. We strive to promote a culture of transparency and excellence. This is enabled by a dynamic feedback process whereby ideas, opinions and perception of the College by the students, teachers, alumni and parents are obtained on various aspects of curricular, co-curricular and corporate life of the College. The data for each question, obtained through feedback forms, organized as Google spreadsheets and pie charts is analysed, thus, generating a comparative perspective. This feedback system helps in formulating a better future plan of action while ensuring that our students feel represented. An online questionnaire was circulated among students to assess their level of satisfaction with respect to several broad parameters related to academic activities; availability of infrastructure; maintenance of discipline and security; skill enhancement; co-curricular activities; efficiency of administrative dealings and so on.

The following is an objective analysis of the responses to the multiple questions of the Feedback Form:

## **Department of Sanskrit**

Detailed feedback was designed by the Department of Sanskrit to collect information associated with student's life during their academic session. Some of the significant criteria of the feedback were as follows:

- Quality of teaching including aspects such as teaching pedagogy and regularity of classes
- Internal assessment and evaluation methods
- The nature of the syllabus curriculum
- Teacher-student relationship
- Discipline and College security during the Premises
- Quality of the Curriculum delivery of the Syllabus
- Innovative and Interactive Techniques used
- Aid of Internal Assessment in Self-Assessment
- Administrative Dealings and Redressal

### **Methodology for the Feedback Analysis**

The feedback questionnaire was planned to seek the response of the students of the Sanskrit department, including 1<sup>st</sup> year and 2<sup>nd</sup>-year students. An overall view from the students and the data collected was specified since the college and teachers share a transparent, liberal, and developmental attitude with our students and students feel comfortable expressing themselves without any inhibitions or hesitation. The feedback of the students graduating in 2019 and 2020 was analysed meticulously to determine the strengths and possible areas for their overall enhancement.

### **Analysis and Outcomes**

More than 49 % students from B.A. Hons. Sanskrit 1<sup>st</sup> year and more than 50% of the respondents were from the batch of 2018(2018—2021) and the rest were from the batch of 2019 (2019—2022)making about two-third of the respondents to this feedback analysis. More than 90% of students were satisfied with the regularity of classes. More than 46% considered the curriculum to be challenging and54% considered to be adequate in nature. More than 75% of the students found the quality of teaching to be very good and above
