The major agenda has been observations and suggestions made pertaining to AQAR by the committee members of IQAC:

1. Innovative methods in teaching and Community Outreach Programme need to be addressed in fresh manner.
2. Suggestions were made to encourage teachers to use more and more smart class rooms. Regarding the application of innovative methods of teaching, it was stated that they may vary from department to department.
3. Within Community Outreach Programme, suggestion was made to include Skill Enhancement course as one of the tools of COP and experts can be invited for workshops related to SEC. At the departmental level students should be oriented about the career prospects.

Departments should come up with suggestions related to Community Outreach Programme. One of the suggestions made to the Department of Geography was to plan out disaster management program of old Delhi. Heritage walk will also be taken up by History department as part of Community Outreach Programme.

The college/department should also adopt nearby locality/school as part of Community Outreach Programme.

4. Revival of remedial classes for the students. It was suggested to change the nomenclature to Student Mentoring Classes or Language Mentoring/Assistance Classes. This remedial

classes will be for both the languages, Hindi and English. Students from North East need help for Hindi where as the Hindi medium students need it for English.

5. College/Department should maintain record of outstation students of all the three years and orient them about the facilities available as well as about the surroundings. IQAC can take up this task and can begin the process with an informal meeting followed by a formal meeting at every academic session.

6. North East Cell of the college should be more active and work in a more organised manner to bring the students to main stream. More participation and amalgamation is required.

7. Unique elements to be introduced in Teaching and Learning process.

8. Emphasis should be more on qualitative research in place of quantitative research.

9. Alumni association and its forthcoming activities were discussed.

10. Since a lot of initial work has been done pertaining to eco-friendly activities, the need is to discuss and take up the next stage of this work.

11. Need to make more students aware of the activities of career counselling and placement cell of the college.

12. Organise Gender Sensitization Workshop in collaboration with the Women Development Cell and Internal Complaint Cell for academic and non-academic staff of the college during the present academic session.

13. Third cycle of feedback of students along with the teachers and parents need to be taken up. A meeting with the parents on informal levels was planned out.

14. Suggestion was made to begin the student feedback exercise in the last month of September and have parents' open day during the winters.

15. Suggestion was made to have NAAC sponsored workshop/seminar.

The meeting concluded with vote of thanks

students of that school along with the Inside Me coordinators. Our college also had a stall of the NGO at our annual Diwali Mela wherein things like book-marks made by visually challenged children were exhibited and sold. Samarthanam Trust has a hostel for college going blind students at Chhattarpur Enclave. Mr. Seth enlightened students about how mindfulness practice can help mortal beings to become cognizant of themselves, and to ascertain the essence of living. Students were taught simple mindful exercises like breathing and body awareness. The session was concluded by walking and eating meditation activities.

Report of 2016: To further the ideas of youth empowerment and value creation, the society in association with, Isha Foundation" organised a „Bookmark Making Competition“ for the students of our college. The topic was 'Youth for Rivers', to commemorate the initiative started by the Isha Foundation under the aegis of Sadhguru Jaggi Vasudev called „Rally for Rivers“. The aim of this initiative was to create awareness and search for tangible ways of saving and protecting our depleting and endangered rivers. This event, held on the 25th of September 2017 in the Student Activity Centre was immensely successful and well received, seeing the enthusiastic participation of students from all courses and years. The participants worked with all their heart on their bookmarks and the judges after much contemplation decided upon the winning bookmarks. There were attractive cash prizes for the winners.

Since the inception of this Society in 2007, its enthusiastic team has been working to build a culture of peace and values through organizing talks, meetings, seminars, workshops, and interactive sessions as well as conducting field visits. The year 2016 started with an interactive session on 'Peace and the Lessons in Biology' with Mr. Come Carpentier, Convener of the Editorial Board of the World Affairs Journal, (a quarterly publication dedicated to international issues) as the guest speaker on 27th January 2016. The speaker explained how biological principles work in enhancing and diminishing the peace building capacities in human beings. A book mark was released quoting the essentiality of peace: 'Conflict cannot survive without participation and peace is looking for an address.'

On 8th March 2016, 'Eco-dharma'- a documentary on the Bishnoi community in Rajasthan was screened. Subsequent to the documentary, the team had an academically stimulating discussion with the filmmakers Ms. MalgorzataSkiba, from Poland and Mr. S Kumar, from India to learn about environmental values of the indigenous community of Rajasthan and their struggle to protect their age old traditions. A bookmark was released highlighting the need to protect environment, which read, 'I don't want to protect the environment, I want to create a world where the environment doesn't need protection'.

The annual event of '*Celebrating diversity through Chutneys*' took place on the same day with members of the team arranging the chutneys from all over India for a joint lunch to celebrate unity and diversity for cultural harmony. Later in the year, an interactive session was held on 'Benefits of Vedic Nutrition in Modern times' with Dr. Shikha Sharma, a renowned Nutritionist and founder of Nutri Health Wellness Centre, on 21st October 2016. She emphasized on the importance of cultivating Vedic nutritive values for a qualitatively enriching life in modern times. To commemorate the event, a bookmark was released with the quote, 'Exercise is king, nutrition is queen, put them together and you've got a kingdom'. The semester was concluded with a session on 'Peace and values' with the principal of

Kamala Nehru College, Dr. KalpanaBhakuni. The session held on 3rd April 2017 was aimed at providing an insight into the objectives and workings of Shining Network. The student members of SN prepared small couplets and citations on the values that they cherish, shared their plans for the forthcoming year towards peace building activities as well as how they would incorporate the mindfulness techniques to cultivate inner peace. To commemorate the event, a bookmark was released with the quote, 'Values are the pearls on the strong of life'.

3. NORTH-EAST CELL

Report for the session 2017 - 2018

The Northeast Cell of Kamala Nehru College, have organized a meeting cum orientation, where the new comers were made aware about the cell and its various role. Further discussions were made for future events.

Informal Interactive session on 4th September 2017

The North-East Cell of KNC in collaboration with *Arunodoi: Connecting North-East*, an organization which provides platform to the students for various dynamic activities, organized a session conducted by the coordinators of the organization. The session has highlighted various facets of *The North- East Student and Youth Summit* that was going to take place on 16th and 17th of September 2017 and the ways North-East students of KNC can be benefited from it and become an integral part.

Stall by North East Cell, Kamala Nehru College on 21st February 2018

The North East Cell, KNC have put up a stall in '*Ullas - Annual Cultural Fest*' on 21st February to display handicrafts, art pieces and other forms of cultural representation from 8 States of Northeast India. The stall is being put out for non -profit and for a proper cultural exchange of knowledge.

Report 2017-2018:

The Northeast Cell of the college initiated an awareness drive on the existence of the Northeast Cell and its empowered role/responsibility to address the welfare, concerns and needs of the Northeast students. The cell organized an Orientation Programme on 2nd August 2018 for the students. The Nodal Officer, Ms. Victoria Potshangbam advised the students to be regular with their classes and stressed on the maximum 5 points score generated (out of 25 marks) through full attendance as part of criteria of an Internal Assessment. The students were further encouraged to take part in various extracurricular activities (ECA). They were informed that the cell had initiated a creation of a database on the details of the students from various streams/courses and year.

The students were informed to mandatorily provide their details. For this purpose, it was decided that the student representatives from each department will be selected and their role would be to collect the students' data and submit it to the Nodal Officer. A total number of 33 students had attended the orientation. The Nodal Officer and the faculty members, Ms. Elvina S. Amongla and Dr. Robert Mizo attended the orientation.

Report of 2018-2019:

An 'Orientation-cum-Get-together' meeting was scheduled by the Northeast Cell members on 23rd August 2019 in Room No: L11. The Nodal Officer and the faculty members initiated a discussion with the students on inculcating a holistic development/growth through an array of enriching experiences during their student years in college. The discussion also extended on issues such as the importance of attendance, submission of Internal Assessment on time, consistent habit of getting constructive feedback on their written and oral performances from their respective teachers, participation in corporate college life activities, involvement in various societies as per their talents/interests, maintaining a healthy student-teacher relationship, and promotion of varied Northeast culture and tradition. 36 students had attended the orientation.

Some of the concerns, issues and suggestions expressed by the students were as follow: 1. The students felt the need to sensitize the non-Northeast students about their various regions, their distinct identities and the diversities of their food culture, festivals, history etc. The concern was raised as it was felt many mainland students are not aware about the Northeast region. 2. It was collectively experienced that compared to the previous years, the students from other regions are more accommodative and helpful to the present Northeast students than experienced by their seniors in the past years.

The students' recognised that the adaptability to new culture, environment and language play an important factor in helping the students to blend or fit-in with their peers in such cosmopolitan centers like Delhi. 3. The students felt that the College Placement Cell should broaden their platform by including social sciences since many Northeast students belong to the social sciences streams.

Report of 2019-2020:

The unexpected pandemic crisis and its subsequent national lockdown led to numerous challenges for the Northeast students and the cell became an important platform to address their needs such as:-

- Concerns regarding online classes due to poor connectivity issues in major parts of the North East region: Several telephonic conversations pertaining to the pressure and worries on the part of the students' inability to join online classes due to serious connectivity issues transpired between the members and the students. The faculty members coordinated with their respective subject teachers to inform them about the students' plight.

Scholarship related queries: Since majority of the Northeast students had returned to their hometown, one of the problems they faced was to obtain a required bonafide certificate while applying for various scholarships. Several students contacted the Nodal Officer directly and shared their inability to apply for the required certificate in person due to the pandemic lockdown. Students were made to write an email to the head of the institution and carbon copy (CC) the same to the Nodal Officer, Northeast Cell and the Nodal Officer for Scholarship. As per the directive of the Principal a mechanism was created wherein a staff member from the administrative unit was assigned to ensure that bonafide certificates were prepared with signature from the Scholarship Nodal Officer and the Principal were done. The

certificates were either directly sent through the WhatsApp number of the concerned students or through their email id.

Admission related issues such as clarifications on courses offered by various departments: Some parents from the Northeast region had contacted the members and sought help to explain the admission process during the various cut off admission periods. The telephonic conversations were the modes of transmitting any clarifications or queries with admission matters were addressed by the members.

Seeking Information for accommodation at reliable Paying Guests (PG) for the wards/students: Queries related to reliable Paying Guests were another matter queried by some parents whose ward got admitted in the college. Parents were guided on the plausible areas (in terms of close proximity to the college) which could be a good and practical option to scout for PG.

Open Book Examinations clarifications and queries: Since Open Book Examinations was a new system for conducting online examinations during the pandemic period, and considering the adverse network connectivity issue in parts of Northeast area, students' OBE related issues were taken note of and the same was communicated with respective departments and the Technical Assistant person-in-charge of the same. The already created Northeast WhatsApp continues to be an important platform for dissemination of important notices and circulars especially which concern the Northeast students. Students were/are encouraged to share in the group WhatsApp if they face any problems or any issues that need to be taken care of. This platform has been the most effective means of communication in reaching out to the collective students. A Northeast Cell meeting with the students was held on 19th February 2020 in room No: L. The agenda of the meeting was to discuss topics and various activities so that a thematic based programme could be executed before the end of the odd semester session. It was decided that students would deliberate on inviting some influential Northeast personalities to address the students. However the tentative plan could not be materialized due to the pandemic crisis and the eventual national lockdown which spilled over till the end of 2021.
