

Report 2015

The Departmental annual magazine 'Geo Explorer-15' came out well with the articles, photo features, puzzles and poems contributed by the students. An educational trip was successfully organised to Jodhpur for IIIrd year Geography Honours students as part of their curriculum under the care of Dr. Bharati Dave, Dr. Chetan Chauhan and Dr. Shadab Khan. The students enthusiastically interacted with the locals of Khejari Village, Jodhpur and comprehended the socio-economic issues and environmental problems in their surroundings. The ongoing Innovative Project'15 on "Reinventing the Brand Positioning of Indian Tourism in Global Market" in which Dr. Kalpana Bhakuni and Dr. Azka Kamil along with six research students from Geography department worked, was completed with resounding success by bagging 'Best Innovative Idea Award' in 'Antardhwani'15'. The students had very actively participated in two field trips to Agra and Benaras under the supervision of the Principal Investigator, Dr. Kalpana Bhakuni. In recognition to the outstanding contribution to Innovative research, the Principal Investigators, Dr. Kalpana Bhakuni and Dr. Azka Kamil were given 'Teaching Excellence Award for Innovation' on the occasion of 93rd Foundation Day of Delhi University in the Vice Regal lodge. The Project Report is under publication in the fourth issue of the online Journal of Innovation, DU.
