

Report 2014-15

SNAPSHOTS: THE PHOTOGRAPHY SOCIETY

Faculty Convenor: Dr Kalpana Bhakuni

Student Convenor: Lipica Buttan

A performer performs and leaves the stage. The crowd admires and applauds. The photographer captures that moment for them, puts it together, instilling it in their memory forever! Usually behind the lens, a photographer is easily forgotten. Whatever is captured in a snapshot is what remains. We often fail to remember who caught that moment for us. We, at *Snapshots*, the photography society of *Kamala Nehru College*, seize this opportunity to give these shutter bugs their due credit. Photographs say what words fail to express. Ranging from a passionate photographer to a thorough one, the society has an array of individuals. Now, more like a family, the society is growing in strength and aims to develop into a pretty picture!
